Carretera Sariñena, 4, 22071 HUESCA

Objectives

- Foster a cooperative dynamic by promoting cross-border mobility in teaching, research and vocational training in the field of landscape art, including landscape design, horticulture, gardens and creative practices.

Dates : 01/06/2022 – 31/03/2023

Budget : 25 000 €

Project actions

- Establishment of a cross-border professional partnership with artists Lara Almarcegui and Aline Perré.
- South and North Laboratories: shared spaces for experimentation bringing together artists, students and teachers in Huesca and Tarbes.
- Creation of a cross-border cultural community through work developed by students and their teachers following the laboratories.

Results

- Introduction of new approaches to the understanding and transformation of the landscape, incorporating a more aesthetic, ecological and cross-border (North–South) perspective.
