Objectives

- Create a space for exchange, reflection and learning in the field of soundscapes, universal design and/or the dissemination and promotion of the natural and cultural heritage of mountain areas.

- Promote the cross-border mobility of specialists and experts from various disciplines across the territories.
- Create an inclusive pilot soundscape nature trail with educational content and immersive landscape recordings in Barcelona, Andorra and Menorca to share with the general public, both nationally and internationally.

Dates : 01/06/2022 – 30/11/2023

Budget : 21 988 €

Project actions

An inclusive soundscape nature trail (RINS) with four digital educational audio files, one for each of the project's territories: Catalonia, Andorra and Menorca.
